505121 CONNECTICUT RIVER AT WILDER DAM, WILDER VT

PUBLISHED ON FEB 24, 2018 AT 23:51:37 - EXPIRES FEB 25 MIDNIGHT

For the Connecticut River at Great River Hydro's Wilder Dam, Wilder VT:

At 11:47 PM today the total flow below the dam was 10565 CFS

The following forecast for flows below the dam is based on the most recent load forecast from the New England Independent System operator which schedules and dispatches generation throughout the region:

Until 12:01 AM tomorrow, Sun, 10,000 CFS

From 12:01 AM tomorrow until 7:00 AM tomorrow, 5,600 CFS

From 7:00 AM tomorrow until NOON tomorrow, 10,000 CFS

From NOON tomorrow until 4:00 PM tomorrow, 5,600 CFS

From 4:00 PM tomorrow until 9:00 PM tomorrow, 10,000 CFS

From 9:00 PM tomorrow until MIDNIGHT tomorrow, 5,600 CFS

Flows will often differ from this forecast for reasons beyond the company's control including regional energy demand and clearing price, system operating conditions, equipment failures and weather.

All published flows are approximate and forecasts are estimates only. Actual flows will often vary and can change quickly at any time. Always be alert and wear an approved flotation device. Never go in or near the water until you know and accept the risks you are assuming by being in this area!
